Summary

Manual Testing professional with knowledge of SDLC, STLC, Functional Testing, Regression Testing, Smoke Testing, and Bug Reporting. Hands-on experience in testing real-time web applications, designing and executing test cases, identifying defects, and validating software quality. Familiar with Agile methodology, JIRA, API Testing, Selenium, and basic Automation Testing concepts. Strong analytical skills, attention to detail, and passion for Software Quality Assurance and Testing.

Skills

Technical Skills: Java, Python, Selenium

Testing: Manual Testing Concepts, SDLC STLC, Test Plan Understanding, Test Case, Test Scenarios, Writing, Bug Reporting

Web: HTML, CSS

Tools: Jira, Postman (Basic API Testing), JMeter, Excel/Google Sheets

Soft Skills: Problem-Solving Skills, Quick Learner, Time Management, Team Player, Adaptability

Experience

Infosys

July 2025 present

Software Testing Intern

Tools Used: Excel, Jira, JMeter, Postman

- Completed training in Software Testing and gained hands-on experience in Manual Testing and Automation Testing concepts. Worked on Functional Testing, Regression Testing, Smoke Testing, UI Testing, Test Case Design, Test Execution, Defect Lifecycle, SDLC, and STLC aligned with industry QA standards. Familiar with Selenium WebDriver (Java), basic Appium concepts, JUnit, JIRA, and basic Java/Python scripting for web application testing. Practiced defect reporting, bug tracking, and quality assurance best practices in Agile environments.

Tech Fusion Era

April 2025 - June 2025

Frontend Developer Intern

Tools Used: Html, Css

- Learned foundational HTML and basic CSS for webpage creation and styling. Gained understanding of page structure, responsive layouts, and basic JavaScript concepts for front-end development.

Projects

Virtual Management System

- Executed 50+ manual test cases for functional, UI, smoke, and regression testing of the VMS application. Validated user workflows, forms, navigation flows, and application functionality to ensure smooth performance. Identified and documented defects with detailed reproduction steps using JIRA and collaborated during retesting activities to verify bug fixes.

Infosys Assessment Platform

- Performed functional and smoke testing on the Infosys Assessment Platform by validating login modules, assessment workflows, form validations, and user interface behavior. Executed manual test cases, analyzed application functionality, reported defects in JIRA, and participated in regression testing and retesting activities to maintain application quality and usability.

Certifications

- Testing Basics and Test Management Certification – Infosys Lex
- Selenium Basics Certification – Infosys Lex

Education

B.Tech Computer Science Engineering

Graduated: 2024

Prestige Institute Of Engineering Management and Research, Indore

CGPA: 6.22 / 10
